

DEMOCRATS WIN HOUSE AND SENATE BY SAFE MARGIN

Have Majority of Only Two in House and Twelve in the Senate

DEMOCRATS ARE STILL GAINING

President Wilson Swept in Democratic Representatives With Him

New York, Nov. 9.—Returns coming in today changed again the likely complexion of the next house of representatives. Substantial democratic gains were made and with 27 districts missing at noon the make-up of the next house was:

Democrats—202.
Republicans—200.
Socialists—1.
Independent—8.
Prohibitionist—1.
Progressives—3.

Of the missing districts the majority now are held by democrats and in states where democrats are making gains. As a result democratic leaders here are claiming that they will have a small but certain working majority in the next house.

SENATE IS DEMOCRATIC.
(International News Service.)
New York, Nov. 9.—The United States senate is democratic. Indications today were that it will consist of 54 democrats, 42 republicans.

HUGHES MAY GET ONE VOTE FROM WASHINGTON.
Tacoma, Wash., Nov. 9.—There appears to be a possibility that, although President Wilson carried Washington, Hughes may get one of the seven electoral votes of the state. The death of A. Stream, a democratic elector, shortly before election and the substitute of B. M. Connor as elector, came so late that in many counties the name of Stream rather than Connor appeared on the ballot. It is said that many voted for Stream and that these votes will be invalid. The dif-

ference, according to local republicans, will be sufficient to give one republican elector a plurality.

WILSON RUNNING STRONG.
(International News Service.)
San Francisco, Nov. 9.—With no further returns yet available from Los Angeles county, where a number of precincts are expected to return heavy Hughes pluralities, but with additional returns from up-state counties which went strong for Wilson, the president this morning apparently had established a lead of over 4,000.

DEMOCRATS LEAD IN TENNESSEE NEARS 20,000.
Nashville, Tenn., Nov. 9.—Practically complete returns from the state Wednesday indicated the majority for the democratic nominees will be from 20,000 to 25,000.
The democrats have carried Middle and West Tennessee by enormous majorities, and the republicans are not securing the vote they predicted in East Tennessee. Rye, McKellar and Enloe ran together all through the state.

PRESIDENT PLAYS GOLF AS THE COUNT PROCEEDS
(International News Service.)
Shadow Lawn, Nov. 9.—The uncertainties of the election were faced calmly by President Wilson today. The president arose early and fresh and smiling as he began work on his morning mail. His activities of the day called for a morning ride and a game of golf if the weather permitted. The president retired last night at 11 o'clock, but members of his staff remained up several hours watching the returns.

PRIZE-WINNING BOY FARMERS OF CALIFORNIA

Twenty-four prize-winning boy farmers of the state of California arrived in New York city, after making a transcontinental tour. During their two days' stop in the metropolis, the boys were taken around to all the interesting places. The purpose of the tour is to obtain new ideas in farming and the marketing of their produce. Each boy makes notes of everything of interest that comes under his observation. The expenses of the tour are being paid by the University of California.

The Daily will issue an extra late this afternoon giving final count in California, on which hinges the result of the presidential race. Watch for it!

BRITISH CRUISER FLYING U. S. FLAG SINKS HOSTILE BOAT

(International News Service.)
Berlin, Nov. 9.—The British auxiliary cruiser which sank the German submarine U-41 flew the United States flag. This information was given in statements made today through the Overseas News Agency. The U-41 was sunk Sept. 24, 1915.

According to the German accusation two survivors took refuge on a barge which the auxiliary tried to ram. On Monday the British admiralty issued a statement admitting that the auxiliary had used the flag of a neutral nation, but no attempt was made to kill the sailors.

Thief For Nine Years Says Impulse Drove Her

(International News Service.)
Chicago, Nov. 9.—Nine years of thievery for thievery's sake, not for the resultant loot—nine years of a losing struggle with an intermittent obsession to "steal, steal, steal," were confessed and described to the police by Mrs. Nellie Hantz, now in jail on scores of charges.
Her stealing brought her little financial profit, but it did bring her years of mental travail and worry in her efforts to keep from her husband and 12-year-old daughter the fact that she was a thief.
"I didn't steal for money. I have a comfortable home and I never lacked for anything," she said. "If I had barrels of money I would steal just the same. I sometimes threw away the things I stole. Mostly I hid them. A few days ago I threw into the river a watch I had stolen."
Mrs. Hantz is 40 years old, a motherly appearing gray-haired woman, and she says she is glad that her mind is at rest.

Mayor Payne named the following delegates:

DAILY AD RESULTS TOPPED A 12-YEARS' EXPERIENCE.

Editor Albany-Decatur Daily:
The question is often asked—does advertising pay? I wish to answer that. In your issue of yesterday I carried a 4-line ad in your classified column. The result was more than thirty replies in two hours' time. I consider the result the best I have obtained from any newspaper. My experience with newspaper advertising covers a period of more than 12 years.

Self Defense Plea Frees John Johnson of Old Murder Charge

John W. Johnson was freed by a jury in the Morgan county circuit court yesterday afternoon on a charge of murdering Carrol McCormick in Decatur ten years ago. Witnesses who swore that McCormick had a knife and that Johnson shot in self-defense, were responsible for the release of Johnson.

The case which was finally disposed of yesterday has created much interest because of the fact that Johnson was captured and brought back here to stand trial ten years after the commission of the alleged crime. Several of the witnesses in the case had died, one of them being an undertaker who swore that he could see no knife by the body of McCormick. Physicians, however, swore that they saw the knife by the body. McCormick's daughter also swore that her father had a knife. The jury returned a self defense verdict in short order.

Morgan County Vote Canvassed Friday

The vote of Morgan county will be officially canvassed tomorrow at the court house. It is expected to show that probably all of the six amendments carried in the county and that all the democratic nominees were elected.

TRAIN RIDERS NOW WALK.

Two train riders plead guilty and were sentenced this morning in the law and equity court. The case of Ed White, colored, charged with train riding was nolle prossed because of extreme youth. The others sentenced were S. T. Watkins and Gemes Wood. Each got 32 days.

EFFORT TO STEAL BY REPUBLICANS IN 2 STATES IS CHARGED

(International News Service.)
Washington, Nov. 9.—The department of justice today ordered Division Chief Clabaugh of Chicago, to go to Minnesota immediately with practically his entire force of secret service agents to watch the counting of ballots in the presidential election.

JOHN HARTING, 15 YEARS OLD, KILLED

**FREIGHT TRAIN RUNS OVER STEP
SON OF THOS. RALSTON OF
L. & N. SHOPS.**

John Abbey Harting, aged 15, was killed by Louisville & Nashville freight train No. 75 at 9:10 o'clock last night near the coal chute of the local shops. The boy was a step-son of Tom Ralston, foreman of the wrecking crew of the shops.

It is not known whether the lad attempted to board the train to ride to the Albany station or was run down by the train. In some manner he fell under the cars and the full length of the train ran over him, cutting his body in two. The body was carried to the depot by a switch engine, the trainmen being unable to identify the body at first.

Cousin of Dr. Gunter is Colorado's Governor

Definite news was received here this morning that J. C. Gunter, of Denver, has been elected governor of Colorado by a majority of about 50,000. Mr. Gunter is a cousin of Dr. J. L. Gunter of Albany.
Mr. Gunter, like his cousin, is a staunch democrat. He has made three big political races, and once he was elected to the supreme court of Colorado by a big vote in a republican year. He is one of Colorado's most popular citizens.

New Hampshire Through Discovery of Error In Tabulation Also Falls Into Line For President by 93 Votes

NORTH DAKOTA ON THE BAND WAGON

Hughes Lead in Minnesota Dwindles Although State Still Claimed by The Republicans

Philadelphia, Nov. 9.—The Philadelphia North American, republican, at 3 o'clock conceded the re-election of President Wilson.

(BY JOHN Edwin Nevins.)
(International News Service.)
New York, Nov. 9.—California will decide the result of the election. If the democratic claims are true that the president has a plurality in that state he has been re-elected. If the state goes to Hughes and he retains his lead in Minnesota he will be president.

New Hampshire has gone definitely for President Wilson. The complete count of the votes of the Granite state shows that the democratic electors have a plurality of 93 votes. Republican national headquarters admit this, though there was some talk there of asking a recount. The fact, however, that the republicans control the election machinery of that state was held to indicate that the republicans already had all the votes they could expect in another canvass.

North Dakota also has gone for Wilson. A telegram from National Committeeman Hildreth from Fargo, N. D., to Vance McCormick, however, says that Wilson carried the state by 1,258.

Adding New Hampshire and North Dakota to the 251 votes conceded to Wilson by the republicans the president has 260 votes, or six less than are needed to elect.

The Hughes lead in Minnesota was slowly growing, although the election inspectors quit counting early today for a needed rest. Publicly the democratic managers continued to claim this state, but they feared that it would wind up for Hughes. To claim this state, but they feared but the count was very slow and his lead was very small.

Wilson managers claim they will surely carry California by a good plurality, while the republican managers were hopeful they may yet get the state by a small plurality.

(International News Service.)
Los Angeles, Nov. 9.—Wilson has a lead in California of 4,523 votes. 5,361 precincts in California out of 5,917 gives Wilson 441,382 and Hughes 436,839, with 109 precincts missing.

Los Angeles county has rolled up a plurality of 22,000 for the republican candidate, but the further gains Hughes is expected to make there democratic leaders say will not be sufficient to offset Wilson's present lead. Returns from isolated northern mountain counties are coming in slowly. Nothing has been heard from eight precincts of Sierra county, claimed for Wilson. Returns from the 26 precincts of Tuolumne county, normally republican, also are missing. The total count at San Francisco showed a Wilson lead of 15,094.

MCCORMICK IS VERY HAPPY.
(International News Service.)
New York, Nov. 9.—Following the change in New Hampshire, Vance McCormick issued the following statement: "It is all over. We have them skinned a mile. We surely have cleaned up. I stand by my figures of yesterday which gave 280 electoral votes to President Wilson."

HUGHES GETS OREGON.
(International News Service.)
Portland, Ore., Nov. 9.—Returns from every county in Oregon except one gives Hughes a lead of 7,272.

NEW MEXICO CLOSE.
(International News Service.)
Albuquerque, N. M., Nov. 9.—New Mexico swung into the Hughes column early today with one county out. Three hundred and thirty-six precincts out of 638 in the state gave Wilson 14,536 and Hughes 14,794.

(International News Service.)
New York, Nov. 9.—Gayle McNabb, democratic committeeman from California, sent the following telegram to Vance McCormick:
"Go yell your heads off; Wilson has carried California."

SOUTH STAYS SOLID.

Atlanta, Nov. 9.—President Wilson was given the usual substantial democratic majorities in Tuesday's elections in the southern states of Virginia, North and South Carolina, Florida, Georgia, Louisiana, Alabama, Mississippi, Tennessee, Arkansas and Texas.

The democrats gained at least one seat in congress and the defeat of James J. Britt, republican, for re-election from the Tenth North Carolina district by Zebulon Weaver, democrat. The North Carolina delegation thus becomes once more wholly democratic.

WILSON LEADS IN N. DAKOTA.
Bismarck, N. D., Nov. 9.—North Dakota gave Wilson a lead of 947.

N. HAMPSHIRE GOES FOR WILSON
New York, Nov. 9.—Geo. W. Perkins at republican headquarters at 10:20 today said he had received a telegram

THE SOLID SOUTH AND THE FAR WEST: A NEW COALITION.

The spectacular race for president of the United States between Wilson and Hughes, the most memorable in the annals of the nation, has been featured by one surprise after another. It is too early yet even for an attempted analysis. It would be premature and reckless to attempt to say what part the progressive vote, the woman vote and the labor vote has played in determining the final result.

One thing stands out, however, and that is the possibility for a new political alignment between the solid south and the far west. No matter how sharp the rivalry, how bitter the sectionalism between the south and the east or the south and the middle west, there is no reason for sectional antagonism between the south and the far west. Out about the Golden Gate the warring of the bloody shirt does not affect the voting. There are no bitter memories there to be stirred; no old wounds to be opened.

Between these two sections there is a bond of common purpose. In the event of war with any great foreign power, the west coast would be first attacked. In the event of trouble with Japan, the west would be seriously threatened. Both sections have a labor problem of their own; both are peopled by an alien race of dark complexion. Both sections are independent; one is aggressive, the other conservative. One would serve as a check upon the other.

With the south and the west pulling together, the result of presidential elections need no longer hinge upon the great Empire state of New York controlled by Wall street, throttled by vested interests. Real Americanism will rule when the nation is delivered from the bondage of the plutocratic east.

Betting odds must be reckoned with in forecasting election results. Wall street gave slight odds on Hughes. This indicated that the republican candidate would carry New York, as the Street was influenced by its local environment. California on election day offered 10 to 7 on Wilson. The president made a great race there. The South made it even money. Its betting judgment was good.

Now that the educational amendment has been ratified by the electorate, there is hope for a better school system, one unhampered by constitutional limitations.

Vance McCormick has established a world's record as an optimist in the face of early returns.

At this angle, the republicans must look with horror upon the possible waking up of Tilden's ghost.

Most any old majority would be acceptable right now to either Mr. McCormick or Mr. Wilcox.

Nebraska is the best answer to those who question Mr. Bryan's loyalty.

Is the verdict for or against whiskers? It may take the official count to tell.

At any rate, the G. O. P. has Tammany Hall left.

There is one Utah plurality that we endorse—the plurality for Wilson.

It begins to look like the straw vote was padded.

Anyhow, the stake holders win.

ATHLETICS IN THE ARMY

Time Devoted to Outdoor Sports to Be Left to Post Commanders.

Disputes among army officers in the Philippines over baseball games and other athletic sports have caused officials at the war department to consider the advisability of the issue of an official regulation to govern in cases where there is a possibility that the games may interfere with regular military duty. With the approval of the secretary of war, Adjutant General McCain has issued the following memorandum on the subject:

"The extent that sporting events may be indulged in at military posts is a matter that rests within the discretion and judgment of the post commander, and it is not thought best to lay down any general rule that would restrict him in his discharge of that duty. He is held responsible for the discipline, training and general condition of his troops, and it is maintained that athletics go hand in hand with military training and are vital to the welfare and contentment of officers and men. An officer or enlisted man who does not keep in good physical condition is bound to fail in the supreme test of war."—Washington Star.

History of the Potato.

The potato was introduced into Spain, probably from Peru, early in the sixteenth century by some returning Spanish explorer whose name has not come down. It found its way into Holland and Italy, but was cultivated in gardens merely as a curiosity. Dates vary as to its introduction into England and the claims of Sir Francis Drake and Sir Walter Raleigh are in dispute. Both seem to have brought them almost simultaneously; one authority gives the year 1585 as the time when Drake brought them and 1598 as the year of their introduction by Raleigh. Another writer gives precedence to Raleigh. Hawkins, the slave trader, is said to have introduced potatoes to Ireland in 1565.

"The Lilac Domino" Pleases the Audience

"The Lilac Domino," the offering last night at the Masonic theatre, played to a pleased audience. The cast was an unusually well balanced one, the costumes lavish, the chorus well drilled and good to look at; the dancing artistic; the comedy parts skillfully handled.

The production was a finished one throughout, and the producing company was distinguished by its all-round team work rather than by a star or two of more than ordinary brilliance.

WILSON IS THE MAN.

Who will be the president, we people want to know? Not our fault if it isn't our much-loved Woodrow. So, now Mr. Hughes, first get your hat and run. How dare you think you can defeat our noble gallant one?

Woodrow Wilson is our man, been faithful nearly four years. As our president and he now meets with foes. This office he still shall hold, for there is not a man. Who will be more faithful to his trust than our Wilson can.

His record is without blemish, this the people know. Now, Charlie, none can please us like brave Woodrow. Guess you are a good man, have an honest will. But that great, great office we want our Wilson to fill.

He is wise in all things, his name is of much renown. He is the greatest of all great men in every State and Town. He is learned, he is brilliant in all that we boast. So to our patriotic Woodrow, three cheers and a toast!

Look out for your smelling salts, Charles. Get your nerves steady. For the people of this land are earnestly getting ready.

To send our Wilson back to our old familiar place. Then they'll bid 'good-bye' you'll want to hide your face.

Mr. Hughes has our wishes after the battle is over. For an office of usefulness, labor and love.

And when the trials of this life are ended. A blissful, peaceful home above.

—One who is not allowed to vote. Jasper, Ala., July 17, 1916.

Decatur Athens Pike Work is Progressing

Work on the road which is now under way under the direction of the county engineer, Mr. Farrow, is being rushed. The roadway that is being changed, has been cut out and the teams and steam plows are putting the work over rapidly. The new road leaves the old road at the farm of Judge Horton, and goes straight again leaving the old road-bed north of the creek ford and going through a skirt of woods, crossing Swan Creek several hundred feet east of the present ford, at which point a high concrete bridge will span the creek, and going directly south from there through the farm of Mr. Luke Pryor, coming again into the Decatur road just north of his residence.

When this road is completed it will be one of the best roads in this county, a practically solid pike to the ferry at the north bank of Tennessee river, giving a fine drive from Athens to Decatur.

A large force of hands are being employed on this work, and the county engineer is ably assisted in the handling of the job by Mr. M. C. Nichols who has built more roads in this county than any other man. He knows how to handle large forces and he knows the art of road building, perhaps as well as any engineer in the state. He has to his credit some of the finest road work in north Alabama done without an engineer and with as perfect grades as an engineer could have made. With a helper like him.

Mr. Farrow who is a stranger in this section, is to be congratulated, for it means a good start in his work as supervisor of roads in this county.

The new road cuts off something over a quarter of a mile in travel from Athens to Decatur, and this means a saving to the hundreds who travel this thoroughfare. We hope that this may become a part of the great Jackson Highway.—Athens Courier.

Officers Killed When Test Bombs Explode

Washington, Nov. 9.—Naval Lieutenants Luther Welsh and C. K. Bronson were killed at Indian Head, Md., late yesterday by the premature explosion of an aeroplane bomb while testing bombs designed for use against war vessels.

The report of the accident to the navy department from the inspector of ordnance of the naval proving ground said the bomb detonated immediately beneath an aeroplane in which the officers were flying. Apparently it struck some part of the machine when it was discharged. Witnesses saw the aeroplane break in two and fall into the Potomac river but no trace of it had been found.

AMUSEMENTS

AT THE MASONIC FRIDAY

Marguerite Clark in "Wildflower." In the beautiful woodland drama of "Wildflower," by Mary Germaine, Marguerite Clark portrays the character of the dainty and bewitching little forest flower, whose real name is Letty.

Letty Roberts, a pretty and unsophisticated child of nature, dreams and frolics her time away on a little farm on the edge of the woods, far from the city. One day a stranger comes, Arnold Boyd, a wealthy man who has chosen the seclusion of the forest as a rest from wearisome society duties. He meets Letty, and is delighted with her daintiness and fragile beauty, and at once makes friends with the shy little creature of the woods. He thinks of her only as an interesting child, however, and when visited by his scapegrace brother, Gerald, who is by his own confession "a constant worshipping at the shrine of woman," Arnold views with alarm and discomfort Gerald's flirtatious attitude toward little Letty. Gerald calls Arnold's nickname of "Wildflower" as appropriate to Letty, and begins an ardent courtship of the child-woman whose innocence and ignorance lead her to mistake the dross for gold. After a tempestuous wooing, Letty is swept off her feet by the impetuous Gerald, and elopes with him. Arnold learns of the elopement, and immediately pursues the pair, reaching them just after the wedding ceremony has been concluded. After a struggle with his brother, Arnold knocks Gerald down, and by means of train and auto spirits Letty away from her new-made husband, despite her desperate efforts to escape, all of which he thwarts. Arnold takes Letty to the old Fifth Avenue mansion of the Boyds in New York, and introduces her there to the members of the household as his wife, telling Letty this course is necessary to protect her reputation, but not fully explaining why. Even Letty's parents, who know of the elopement, do not know which of the Boyds she has married.

**Villa Victory Is
Report at Parral**

(International News Service.)

Juarez, Nov. 9.—Villa has won an overwhelming victory in an engagement with Carranzistas south of Parral, according to dispatches received here today. The defeated constitutionalists are in flight to Chihuahua City with the Villistas in pursuit.

Chihuahua is deserted of all foreigners following the admission of Gen. Trevino that he cannot guarantee protection. Besides the Americans whose fate is in doubt since Villa took Parral, alarm was felt today for the safety of others at Magistral.

Glad to Get Rid of It.

Simpson had that run-down feeling which frequently accompanies the flowers and chills of spring. So he lied himself to a doctor to be healed. "Hum!" the medicine man said majestically, after thumping Simpson black and blue, "what you want is fresh air. Get out into the country more than you do. You should take a long motor run every day." "But I haven't a motor car," the patient protested. "That's soon rectified," the doctor said with a benignant smile. "I'll sell you mine!"

No wonder they make you limp and wince. Forget all these—use "GETS-IT," the simplest corn remedy in the world, easiest to use, never fails or sticks, painless. High Plays Huntsville Here Friday Afternoon

Final Game of the Season to be Staged at Baseball Park.

The final game on the schedule of the Albany high school for this season will be staged at Baseball park Friday afternoon, when Huntsville high school is met for the second time this year.

In the former clash, which took place at Huntsville, the locals were routed by a 51 to 0 score, but in the return set-to it is expected that the locals will make a much better showing, as they are in far classier form. Since its initial defeat, Albany High has rolled up two consecutive wins. Huntsville weighs in at about 145 pounds to the man, while the Albany players have an avoirdupois average of but 130. The superiority in weight will probably result in another Huntsville victory, but the locals will make a desperate effort to hold the score down to more reasonable proportions.

CALIFORNIA HAS GONE DEMOCRATIC

(Continued from Page One.)

from republican officials in New Hampshire saying that an error in the tabulation of the state vote had been discovered which when corrected gave Wilson a lead of 93 votes. The republicans will demand a recount, Perkins said.

WILSON HAD SMALL LEAD EARLY TODAY IN CALIFORNIA
(International News Service.)
San Francisco, Nov. 9.—With 510 California boxes yet to be heard from President Wilson's lead over Hughes was only 732 votes at 8 o'clock this morning. The count then was: Wilson 446,318; Hughes 445,531. Wilson led at 6 a. m. by 600 votes.

HUGHES MAKES GAIN.
(International News Service.)
St. Paul, Minn., Nov. 8.—Hughes gained 188 votes on Wilson in the count from seven precincts which first reported today, giving Hughes a lead of 1,000 at 10 o'clock, with 506 to be heard from.

NORTH DAKOTA.
(International News Service.)
 Fargo, N. D., Nov. 8.—President Wilson was leading Hughes by 752 in returns from 1,687 out of 1,859 precincts in the state.

MINNESOTA IN DOUBT.
(International News Service.)
St. Paul, Minn., Nov. 9.—The Hughes lead had been cut to 343 at 11 o'clock with 364 precincts missing.

WEST VIRGINIA FOR HUGHES.
(International News Service.)
Wheeling, W. Va., Nov. 9.—At 10 o'clock this morning Hughes was leading Wilson in this state by 3,124.

SOUTH DAKOTA FOR SUFFRAGE.
(International News Service.)
New York, Nov. 9.—Announcement was made today at the headquarters of the national woman's suffrage association that the suffrage was carried in South Dakota.

NORTH DAKOTA FOR WILSON.
(International News Service.)
 Fargo, Nov. 9.—North Dakota apparently has gone democratic. Party leaders at 12 o'clock declared that there was longer any doubt, and the figures appeared to back up their claims. With only 162 precincts missing at this time, President Wilson had a lead of 1,543 over Hughes. The 762 precincts that are missing are located in the extreme northwest part of the state where the democrats are claiming the voters favor Wilson two to one. It is doubtful if additional figures will change the result materially, but are expected to increase the president's lead.

WEST VIRGINIA FOR HUGHES.
(International News Service.)
Fairmont, W. Va., Nov. 9.—C. C. Claver, democratic state chairman this afternoon conceded West Virginia to Hughes by 2,500 to 3,000.

NORTH DAKOTA FOR WILSON.
 Fargo, N. D., Nov. 9.—All doubt that North Dakota has gone democratic was dispelled at 1:30 this afternoon when complete returns from 1,714 out of 1,849 precincts gave Wilson a majority of 1,504.

WALL ST. BACKS WILSON.
(International News Service.)
New York, Nov. 9.—In frenzied last minute election betting in Wall street today, odds of 10 to 7 were given that Wilson would be re-elected. While there is plenty of Hughes money in sight the owners are holding for odds of 10 to 6. One broker said he had \$50,000 to bet on Wilson at 10 to 7.

WHY SUFFER WITH BACKACHE, KIDNEYS OR RHEUMATISM NOW?

Letter Tells of Long-looked-for Prescription.
Dear Reader—If I can do any good in the world for others, I wish to do it, and I feel that it is my duty to write about the wonderful results I received from the use of "Anuric." I was suffering from kidney and bladder troubles, scalding urine, backache and rheumatism, and feel and ankles swelled so that at times I could not walk without assistance. Had taken several different kinds of kidney remedies but all failed. I sent for a box of Dr. Pierce's newest discovery, "Anuric," which I received by mail in tablet form. I soon got better and am convinced that this popular new medicine is good. I wish to recommend it to my neighbors and everybody suffering from such troubles.
MRS. M. J. SARGENT.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.
Up to this time, "Anuric" has not been on sale to the public, but by the increased demand for this wonderful healing Tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.
Simply ask for Doctor Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstituent for any one, besides being the best blood-maker known.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.
